\$25,600,000 ASKED FOR STATE PARKS

Palm Desert Claims Firms are Stalling

Village C. Of C. May Join Area Action Thursday

Formal complaint seeking an investigation of long distance toll charges between Palm Desert and Palm Springs will be filed with the California State Public Utilities Commission no later than Friday.

This action was voted by directors of the Palm Desert Chamber of Commerce, according to an announcement by Hal Kapp, president.

The complaint, according to Kapp, will name both the Coachella Valley Home and Telegraph Company and the California Water and Telephone Company and will specifically cite "the exorbitant toll charges between Palm Desert and Palm Springs and even the cost of a telephone call between residents only a block away in Palm Desert."

Kapp said that his board of directors is seeking co-signatures to the formal request for an investigation from the Palm Springs Chamber of Commerce, who will decide its action Thursday. Kapp also said he was assured by Chet Madison, president of the Rancho Mirage Chamber of Commerce, that his board would join in the action.

Other co-signers to the formal complaint will be sought and they include the Chambers of Commerce of Indio and Cathedral City.

"The board of directors of Palm Desert," said Kapp, "feel that the phone companies are stalling as they have been the past few years."

Harry Oliver the old Mirage Salesman tells this

PETRIFIED FOREST

Did you ever get lost in a forest? If you think that's tough, you should get lost in a petrified forest and feel the chill of petrified shade and hear the echo of petrified calls and think petrified thoughts. You can't get petrified thoughts on ordinary receiving sets, you have to be an old fossil like me. But fossil or no fossil, here's what I saw today in this petrified forest: three petrified woodpecker holes with eggs and a petrified bee tree—bees, honey and all. Haven't seen any petrified lover's hearts carved in tree trunks. Maybe our petrified ancestors didn't go in for that.

But to make the trip and the picnic lunch a real petrified affair, I served my guest hard tack and hard boiled eggs (nearly petrified). The forest ranger here says there's no truth to the rumor that from petrified acorns petrified oak trees grow.

Cathedral City School Gets Bomb Hoax

Search Of Grounds Fails To Reveal 'Buried Explosives'

A report of "a bomb buried on the grounds of the Cathedral City school," was received yesterday by the State Division of Forestry in Cathedral City and spurred an immediate search of the school grounds which ended in the decision that "it was just another false alarm."

Roderick Duff, state fireman on duty, received the ominous phone call. When he asked who was calling, he received only the answer "that's tough."

Duff made a hasty search of the grounds, found no evidence of explosives and returned to the office. But Sam Micelli, principal of the school, told the school administrators about the incident, and it started another investigation.

Deputy Sheriff Carol Vogelaar was contacted and knew nothing of the incident, but went into action "to find out."

Duff said that the voice on the phone sounded like that of a 17 or 18-year-old.

Both Vogelaar and Andrew Smith, head of the State division fire station, said there have been a "lot of false alarms turned in lately," and law enforcement officials are taking steps to stop them.

President Makes New Arms Cut Plea to Soviet

WASHINGTON (AP) — President Eisenhower is sending Soviet Premier Nikolai Bulganin a "friendly" letter reported to call for a new try at East-West disarmament.

Officials said the letter also rejects for the second time Bulganin's proposal for a 20-year American-Soviet treaty of friendship.

THE PRESIDENT'S message is expected to be delivered to the Kremlin within a day or two by U. S. Ambassador Charles E. Bohlen. A delay in delivery was caused by technical Washington difficulties between Washington and the U. S. Embassy in Moscow.

Officials disclosed Friday night the heart of the President's reply to Bulganin's Feb. 1 letter was said to stress the need for disarmament progress — especially action on Mr. Eisenhower's "open skies" proposal.

THE FIRST TEST of the President's new plea will come later this month at a London meeting of the five-nation United Nations Disarmament Subcommittee. American, Soviet, British, French and Canadian delegates will renew their marathon search for disarmament steps.

The President's letter to Bulganin will complete the second round of their current correspondence, which began with a letter from Bulganin Jan. 23.

Boy Steals Swim Suits in Reprisal Against Worker

A 14-year-old boy admitted yesterday he stole bathing suits from two clotheslines of apartment units on San Lorenzo Road to get even with a workman who two years ago cursed at him.

The boy, who was arrested after a cast of his shoeprint tallied with shoes he was wearing yesterday, told Officer Dick Harries he had prowled in the neighborhood of San Lorenzo Road frequently, and taken two women's bathing suits so the owners would get mad at the man who cursed at him.

The youth said he had been watching construction of two apartment houses two years ago, and had been chased off by one of the workmen.

He said he didn't know which apartments the man had been working on, so he planned to harass all within a three-block area.

He was apprehended when police received a call from Fred Tripi, of 715 San Lorenzo, who said a boy had just ridden away on a bike after prowling in the back yard.

While investigating that call, another was received from Walter Lawrence, 461 San Lorenzo, that a bathing suit had been taken.

When the lad was picked up, he said he had taken the swim suits and thrown them on the desert. They belonged to visitors.

He was released to the custody of his mother.

Snow Maroons 40,000 Troops on East Korean Truce Front

SEOUL, Korea (AP) U. S. Army helicopters and planes today rushed emergency supplies of food and clothing to an estimated 40,000 South Korean troops marooned along some 50 miles of the snow-smothered Eastern Korean truce front.

Late reports from the ROK Defense Ministry placed the death toll in the worst storm in 40 years at 101 troops and civilians. Thirty-six others were reported missing and 47 injured in the week-long siege of snow and cold.

A driving blizzard slackened early today permitting a fleet of some 15 American helicopters to maintain "Operation St. Bernard," the biggest mercy airlift since the end of the Korean War. Some 50,000 pounds of supplies have been flown in daily despite the snow and wind.

U. S. Air Force planes were

flying in some 31,000 pounds of Arctic survival equipment from Japan for transshipment by truck to the helicopter base at Kwandae-ri.

The ROK divisions—the 3rd, 5th and 6th—were virtually isolated by the Siberian-born snowstorms.

Only two days ago the dreaded sickness struck in Manila, killing a 26-year-old laborer in his sleep.

Dr. Mariano Icasiano, Manila Health Department officer, said the victim was found to have died from "acute cardiac and respiratory failure of the Bangkot type."

Icasiano revealed that studies are being made on a possible psychological explanation for these sudden deaths. He urged Filipinos who have survived "frequent bouts" with Bangkot to tell about their experiences with the disease to the Manila Health Department for study.

Villager Carl Derbonne has taken out a hospitalization plan for his adopted daughter in France, just as if she lived here with him.

Derbonne, a bachelor who runs Carlos' Mens Shop on North Palm Canyon Drive, last September adopted 9-year-old Annick Bosquet, whose father died while serving in Indo-China.

The adoption was made possible by Foster Parents Plan for War Children, Inc., of New York City, who have cared for more than 75,000 children. Though adoption is financial rather than legal, Derbonne has grown to feel a strong bond with Annick, and plans to bring her to California when she is old enough to go to high school.

HE SAW AN AD in Esquire, and agreed to pay \$15 a month for the support of a war orphan. He was given a choice as to nationality, but none other. Being of French descent and able to speak French, Derbonne chose France.

He found after adoption that Annick had been in a sanatorium for six months, and after treatment for tuberculosis went home to her mother and brother.

Mrs. Bosquet works as a charwoman in a factory, and Annick's brother, now 20, is serving in the army.

The total income of the Bosquet family is \$60.35 a month. But Derbonne, because of Foster Parents, is sure that it helps Annick to be with her mother, and to go to the second grade.

Gov. Allan Shivers Won't Run Again

AUSTIN, Tex. (AP)—Gov. Allan Shivers of Texas, a kingpin among the conservative Democrats who helped swing much of Dixie to President Eisenhower in 1952, promised to lead a new fight for states' rights today, but declined to run for reelection.

Shivers, 48, who has served for seven years announced he was not interested in another two-year term.

Shivers said he would continue in politics to fight "against the encroachment of federal interference" on the states.

Reservations can be made by calling Herb Hass at Palm Springs 6742 evenings.

Capt. Herdina to Discuss Early Warning Network

Capt. Mary C. Herdina of the Pasadena Filter Center, Ground Observer Squadron, will be guest speaker at the meeting of the American Legion Auxiliary to be held at 8 p. m., Tuesday, in the Legion Hall.

All Auxiliary members and friends who are interested in National Defense are urged to attend this meeting and hear Capt. Herdina discuss the functions of radar and its importance in the overall Early Warning Network.

In addition to Capt. Herdina's talk there will be a film entitled "Mrs. Jones, Meet Your Partner," which depicts the role which women play in Civil Defense.

Sector Sergeant Joe Trupiano will show the film and will be available to answer any questions about the Ground Observer Corps, the local Palm Springs Post and its relation with the other posts in the desert area.

Mission is Set at St. Theresa's

Two missionaries of the Congregation of the Holy Cross from the University of Notre Dame will conduct a one-week Mission at St. Theresa's Church, 2900 East Ramon Road, from March 4 through 11.

Fathers Robert Tack and T. Pegarski invite Catholics and non-Catholics to attend. The schedule follows: 7:30 a. m. Mass, followed by a brief instruction; 8 p. m., evening service.

In the invitation, they said: "The purpose of a Mission is for us to examine ourselves — where we stand in our relationship with God and our fellowman. It helps us contemplate the Eternal truths of our existence and ultimate end. No one can die for you. You die alone, even in a crowd."

"We confidently hope that you and your family will make the Mission, that you will become an apostle of the Mission and invite your friends and neighbors, particularly those who have lost courage in the struggle against evil and who seek spiritual help in the salvation of their immortal souls."

Ione Thompson, police clerk, made this observation today: It's beautiful outside, but it's dull inside and I hope it remains that way. And believe me, Ione, I hope it always remains dull at the police station in this town — no drunks in the tank, no other violators of the law and no hit-and-runners.

But the nights are full of excitement as it is most every night in Palm Springs.

At the Saddle and Sirlin, Dave Lyons, owner, was holding a reunion with two brothers, Isadore who just returned from a five month sojourn in Europe, and his brother, Nat, from London, whom he hasn't seen in two years. And also there was Mrs. Virginia McDonald of McDonald's dress shop with a group of friends enjoying dinner.

Into the same place strolled Joe B. Lewis of Lake Tahoe, former owner of famed Cal-Vada and now the new owner of Monte Carlo at the same resort. Steve the immaculate maitre d' who graciously greets every one who enters, has been in that same job with the Saddle for nine seasons.

DOLL HOUSE entertaining was Buck Harris hosting a table honoring Mike Hirsh, owner of the Ocean Park Arena. Mike used to have a home here but sold it some time ago. On Monday in strolled George Beebe, Jr., with beautiful Arlene Cox, to celebrate George's natal day. Ray Blumenthal with a gorgeous gal, but with eyes for everybody. Great spirit that guy possesses.

Gorgeous Ethel Strebe escorted Ann Miller and Bill O'Connor, to some place — she didn't say where — to allow the motion picture star to take her pick of a litter of French poodles. Mr. O'Connor is deputy attorney general for California, if you do not remember.

And by the way, Harold Hicks was escorting a beautiful damsel to dinner the other night and it too was at the Doll House. Also there were George Martino and Joe Perruccio of San Jose, who reportedly brought a hunk of land

recently from Peter B. Sheptenko — and his plans. Well, more about that at a later date.

TOO BAD THAT Ruby of The Dunes as many others in the Village of recent weeks, is suffering from the Los Angeles imported flubbug but he need not worry about that place of his with Lucille Nasco running things. How that gal rushes around, greeting this person and that without losing her breath baffles me. I believe it baffles Ruby too. When I was there, Joe Dwyer of Thunderbird was entertaining a few friends. By the way, when is Connie coming back or is she going so great (without a doubt) at The Desert Inn in Las Vegas she will miss this entire Winter season?

And isn't Carol Lee, daughter of Mr. and Mrs. Alan Ladd, a beautiful girl. She was all wrapped up in the show at the Chi Chi and her escort, Paul Carlson — and to think that only a little while ago — 25 years maybe — I remember Alan when he was bouncing Carol Lee on his knee.

And your ears will deafen to the roar of "HELLO, HELLO, TRAV ROGERS, HELLO, come this Sunday at noon when the Ranch Club puts on its first brunch of the season. The festivities will get underway at 12 noon when the riders return and the buffet I'm told will be out of this world. Trav will entertain as will others. Come on out and take a look see and bend the elbow if nothing else.

DORE SCHARY, MGM head, was the good father the other night as he always must be, dining with his son and daughter at Don the Beachcombers. Charlie Berns of Club 21 and the Harry Joe Browns too, were partaking of that Cantonese food.

Meanwhile Neal Olsen will give for free with any dish of chop suey, the best joke of the year at his Kontiki. And the "Body Beautiful" Victor Mature, Jackie Coogan, Robert Stack, who made a million on one motion picture. Zasu Pitts and Herb Rogers found Zanzville's where the food is excellent and the cocktails nothing

SC's A Cappella Choir to Give Concert Here

The University of Southern California's A Cappella Choir will appear in Palm Springs on March 12 as part of its annual spring tour which extends from March 12 to 16.

The concert, sponsored by Music Society of Palm Springs and the Palm Springs Civic Chorus, will be held in the Cahuilla School Auditorium at 8:15 p. m.

This group, well known throughout the West, will present 12 concerts in the course of the tour, which encompasses Southern California and Arizona. The music, drawn as it is from the most serious to the lightest of all periods, has proven to be interesting and adaptable to any audience.

The A Cappella Choir has toured widely through the Pacific Southwest. Director for the 1955-56 season is Carl E. Druba, who is assisting Dr. Charles C. Hirt in the departments of Choral Organizations and Church Music at U. S. C. The choir consists of 44 voices which have been especially selected from the larger group on campus for this tour.

Among the featured compositions given by the choir will be the "Ballad of William Sycamore," by Haley Stevens, head of the composition department of the university. The work was premiered by the A Cappella Choir as part of the Diamond Jubilee celebration commemorating U. S. C.'s 75th anniversary and Mozart, secular music of variety.

Other numbers on the program include arias and Mozart, secular music of Hindemith and Brahms, to popular spirituals and Broadway musical numbers.

Among other cities to be visited by the choir are Lynwood, El Segundo and Blythe, California; Tolson, Yuma, Litchfield, Tempe, Chandler, and Phoenix, Arizona.

but good.

And Stanley Speigelman of the Rossmore used Ruby's fiddle to entertain Frank Sinatra for more than an hour at The Dunes. That guy can really fiddle.

CARNIVAL ROOM of the Rossmore will echo to the singing and piano playing of Rosaleen tonight and for a limited engagement, according to Stanley Speigelman, owner. Rosaleen recently appeared as Salome at the Biltmore theater in Los Angeles, and has appeared at well known places of entertainment both in concert and in opera.

Variance Board to Consider 650 Sign at Hotel

City Attorney Jerry Bunker said today that he would take the question of the sign "650 Hotel," now displayed in front of J. D. Carlin's hotel on North Palm Canyon Drive before the city Variance board.

The new sign, which replaced a sign that read "650 for 2," was reportedly installed following the advertising of a fictitious name notice and the issuance of a city permit.

Bunker said he would present pictures of the new sign to the variance board at a meeting prior to the city council meeting on March 14, and they would make a recommendation of action to the council.

The only question concerning the present sign, added Bunker is that the 6 is much larger than the 50, thereby denoting an amount of money, but there are no dollar signs or decimal points on the sign. The city rate sign ordinance prohibits advertising prices of accommodations.

KITTY WHITE, Mercury record singing star, is now playing at Jimmy Van Heusen's Piano Lounge at The Desert Inn. In addition, Al "Jealous Heart" Morgan has been held over by popular request to do his unusual rendition of unique nostalgic tunes.

Red Tape in School Administration

By OLIVER B. JAYNES

A few months ago there were complaints about the poor quality and variety of foods being served at the cafeteria of the Palm Springs district schools. The Desert Sun suggested that the Board of Education look into the matter. The Board did and requested a report and recommendation from the superintendent on the school lunch program.

The 28-page report which the Board received and adopted is a good example of red tape in school administration — of doing things the expert and expensive way. A complete new school lunch program is outlined in great detail in the lengthy report. It finds, for example (after much research on the subject) that "the school lunchroom can be an extensive laboratory in which can be learned many acceptable modes of behavior" . . . and that in the lunchroom "there can be established good habits and high standards in an atmosphere of a 'pleasant time' full of creative opportunities of self-expression."

All the students wanted was better food and a little faster service. Many of them will be unhappy over the new plan to take away their snack bar (hamburgers, frankfurters and malts) which they had requested and secured when not permitted to leave the school grounds at noon. The snack bar food has been found to be an unbalanced diet — so will be available only on the regular menu once a week. It is not merely enough to "feed" the children — "the school lunch program must be organized and operated to aid the educational program," says the report.

This new lunch program necessitates the employment of a "supervisor of

school lunch" who has 17 specified duties — and must be able to drive a car!

He — or she — will be paid \$455 a month the first year with an increase to \$535 the fifth year. There will also have to be a "manager of the central kitchen," with 9 specified duties and each school will have a cafeteria manager.

There were obviously some defects in the lunch program — such as handling, preparation and distribution of food; the handling of funds and accounts and a few other details. These could have been corrected without the necessity of setting up such an elaborate system. Perhaps the students will get better food and the cost to taxpayers will not be greatly increased — only time will tell. It seems bound to cost more.

Whether the manners and moods of the students will be improved along with the food seems doubtful. A more realistic and less theoretical approach to the problem would likely have brought better results at less cost. But school administration — usually figures things out in slide rule fashion and refuses to be practical.

Be that as it may — a better system of purchasing, preparing and handling of food will at least be likely to improve the food and service. That will help a lot, and most parents will welcome the improvements. It will be interesting to note what results all this red tape does accomplish. Maybe more children will eat lunch at the school cafeteria too. Right now only 33 per cent of the Junior High, 41 per cent of the Senior High and 51 per cent of the grade school students eat the cafeteria lunches — the others take their own.

Big Highway Loss (Remot News)

The January-February issue of California Highways, which is a publication issued by the state division of highways, carries a comprehensive story on the damage wrought to California roads by the tremendous floods of December, 1955.

This would be only of passing interest were it not for the fact that the motorists of the state in one way or another will have to make good for the \$31,000,000 damages caused by the high waters which ravages not only state highways, but city streets and county roads as well.

Spared From Frost (Redlands Daily Facts)

The farmers who grow oranges could well have a special Thanksgiving Sunday in March of each year to give thanks for deliverance from frost. If they did have such an observance this would be a year for prayerful rejoicing.

In all of the 35 winters that the Fruit-Frost Service has been keeping records here in the Redlands area, this has been one of the mildest. The chill never did really invade the orchards on the slopes that are without protection from heating equipment. The few invasions of serious frost that did occur were confined almost exclusively to the places where the owners were prepared to conduct heating as a routine operation. If any fruit was destroyed by ice crystals, it must have been a very small part of the total crop.

THIS SIDE of The Sun

By Phat

It seems to be the consensus that the present special census will again show steady gains. All the more we gotta be sure of planning along lines that cure

Our Village's growing pains.

Despite reports to the contrary, apparently triggered by superficial reporting, the special census now being taken will show a steady growth since the last such nose-count in 1953. Then we were already well over 10,000.

Even at that, many people told me that they hadn't been counted (as of Wednesday evening).

The census should be as accurate as possible and those in charge are bending every effort to make it so. Because what the state allots the city from motor vehicle license fees, liquor licenses, et cetera, hinges on the population.

So be sure you are in on it. Every nose counted is worth money to Palm Springs.

THANKS TO A NICE Village woman who knows my weakness for odd combinations on the calendar. She reminded me that on tomorrow for the first time in 11 years and for the last time in 11 more years, the date may be written in numerical sequence.

The fourth day of the third month, tomorrow will be dashed off as 3-4-56.

Last time this sequence occurred was on 2-3-45 and the next time will be 4-5-67. Stick around.

Yep, what is so rare as a day in March! Especially tomorrow.

SPEAKING OF DATES a bemused individual stopped me yesterday and said:

"You won't have Mrs. G. writing a column for you this month because Friday, the 13th, falls on Tuesday in March."

See by press dispatches from Washington where the House Ways and Means committee favors a \$1.50 per 1000 pounds tax on heavy trucks. Sponsors claim failure to impose some additional cost on heavy trucks would be "completely unfair" to ordinary motorists. Now if they'd only add a 35-mile-per-hour speed limit on trucks, we wouldn't have to break the speed laws trying to keep out of their way.

The same committee is going to make nightly forays into spots cheaper, too. They favored a bill to cut the tax cafes slap on your food and drink bill for entertainment from 20 to 10 per cent.

THERE'S MANY a slip twixt typewriter and press. I always liked that story of the drama critic who thought he had a clever idea for his review of a new comedy. He wrote:

"From half past eight to half past ten, they laughed and laughed and laughed again."

The next morning he grabbed the paper to read his masterpiece—and immediately haunted the drug stores trying to buy a lethal potion.

For it came out in print: "From 8:30 to 10:30 They laughed and laughed and laughed again."

What brings this up is that the other day I made a few snide remarks about 2 a.m. horn-blowing. And it came out "2 p.m." Which, while not good, isn't as bad as 2 a.m.

Whew!

Newest TV invention has you breaking the beam with your hand, thus automatically shutting off the TV set. Great for us lazy ones . . . Those provocative Ford cartoon commercials will grow into a Mercury commercial with Hans Conried supplying the voice . . . Most underrated show on TV, for my money, is "The Amos & Andy show" . . . Danny Thomas is trying to talk the network into changing "Make Room for Daddy" to an 8 p.m. time slot instead of his current 9 p.m. His argument is that the earlier hour would bring higher ratings — a point he'll probably get a chance to prove next season . . . Good news for set watchers: Greer Garson, Rosalind Russell and Kathryn Grayson have promised

This one was crowded off Bob Hope's last show from London Colon "If Chevrolet was a sponsor, the commercial would probably sound like this colon, if you're tired of walking, buy a car. Now that Joan Banks (Mrs. Frank Lovejoy) has let her hair grow longer she's in demand for religious dramas. Joan, who plays Ann Southern's girl chum in "Private Secretary," is an ex-soap opera queen of radio and met her spouse on the set of a soap, "This Day is Ours." They have two children . . . I've often heard mixed comments on the Jackie Gleason show but never any criticism on The Gleason Albums, which are great music and wonderful for troubled souls who can't sleep . . . Jack Carson's nightly radio show makes for easy listening too and proves you don't have to press with noise and hilarity to drum up interesting comedy . . . Here in Hollywood lots of us think Red Skelton is worth his wit in gold.

Lola Wants Art Museums

NEW YORK—What Lola wants Lola gets, but what does Lola want?

Gwen Verdon—who plays the sexy tomato Lola in "Damn Yankees"—wants art museums.

I must say I do come up with some startling facts, don't I? Asquid a chair in her dressing room the other night, leggy, red-haired, devil-tamin' Lola looked positively virtuous and almost scholastic — she was wearing slacks — as she revealed 'this other side of her. Most sides of shapely Lola had already been revealed through her mesh costume and the only beef had come from the gentlemen who wished to see even more sides of her. I was allowed to see more of her—mentally.

"I was back in California recently," quoth this lass who was born, bred and bored in Hollywood's back yard—"and I was disappointed.

"They're so lazy there. They are almost mentally retarded. It's getting so all they seem to think about is bosoms and bras and beer and behinds, and TV."

"Perchance it's the climate," bravely declared this Ohio boy, always eager to defend the fair mental processes of Hollywood. "It's not that hot. I don't think," retorted Gwen, a fair judge of heat, if you remember "Damn Yankees" is about Hades.

"They don't even have a museum where you can go and look at a painting!" Gwen said.

Inasmuch as on my trips to Hollywood, the only works of art I cared to see were Mamie Van Doren and Kim Novak, I hadn't detected this sad lack.

"There's nothing!" I asked. "Oh," and Gwen shrugged her slacks, "near Santa Ana, they have the brick made by the Hopi Indians. It was a whole day to go down there in a model A when I lived there and nothing's happened since. In Hollywood, you just fall asleep in the sun from drinking beer, and you just don't care."

ROBERT S. ALLEN:

Civil Rights Bombshell

WASHINGTON — The Administration is throwing a civil rights bombshell into Congress.

It will be asked to enact at this session a four-point program designed to greatly expand and strengthen the existing civil rights laws.

Attorney General Brownell will shortly launch this new legislative drive by proposing a series of bills that have been drafted by the Justice Department. Overall purpose of these backstage measures is to:

Establish a permanent and independent commission on civil rights, to be appointed by the President and to have broad powers in this field.

Provide increased protection for the "life, liberty and property of minority groups." For this objective, additional enforcement authority will be asked for the Civil Rights Division, which was set up in the Justice Department several years ago.

Give the federal government more power to "safeguard" negro political rights; particularly intimidation against voting.

Outlaw all poll taxes.

President Eisenhower fully approves this far-reaching program, but will not send a special message about it to Congress.

Instead, it will be presented by Brownell, in the form of a request for prompt consideration of the bills that have been prepared. Later, the President will send a

THE WEEKEND WINDUP

"DON'T PRINT THAT!" A H'wood he-man's paying good dough for scandal items about his ex-wife . . . A N.Y. playboy flew to L.A. to see his girl, saw her dating another, and climbed back into a plane for N.Y. without saying howdy . . . A phone tapper was caught putting a "bug" in a star's dressing room at a major studio. (Jealous husband stuff).

Gary Cooper, whose first big film was Samuel Goldwyn's "The Westerner" 25 years ago, is now negotiating for "Proud Rebel"—with Sam Jr. . . . A couple of the Latin 1/4 showgirls slugged it out backstage . . . Ventriloquist Paul Winchell's the latest member of ASCAP.

"The Ziegfeld Follies" is seeking tall showgirls, who seem to prefer Las Vegas and Miami . . . Peeling old? The late Eddie Duchin's son Peter dated Beatrice Dabney at The Spindletop . . . Other actresses envy Shelley Winters, who doesn't have to watch her diet for "Hatful of Rain"—she plays an expectant wife.

Albert Blaiser, maitre d' of Maxim's in Paris, is a steady patron at the Chateau Rouge . . . Singer Pat Marshall took her pet ocelot along to Philly for the "Mr. Wonderful" opening . . . The producer of a musical auditioned showgirls while so loaded he could hardly see 'em.

TODAY'S BEST LAUGH: "Even if you can't take it with you, it sure brightens up the port of embarkation."—Cy N. Peace.

H. G. Hutcherson says his new budget system is working out fine; by the time he gets it straightened out each day, it's too late to go out and spend any money . . . That's earl, brother.

NOTE—The Justice Department's bill on negro voting would make it a federal crime, punishable by one year's imprisonment, a \$1,000 fine, or both, to "intimidate, threaten or coerce any person for the purpose of interfering with that person's right to vote for President, Vice President or member of Congress." Individuals claiming such violations would also have the right to sue for damages in federal courts. Preamble of the measure states, "All citizens, regardless of race or religion, who are otherwise eligible by law, shall be entitled to the same and equal opportunity to qualify to vote and to vote at any general, special or primary election."

SUCCESSOR—John Hay (Jock) Whitney is the likely successor to Ambassador Winthrop Aldrich when he resigns his London post. State Department insiders credit Whitney as heading the list for this prize appointment. The internationally-known sportsman and owner of the famous Green-tree Racing Stables is a close friend of Treasury Secretary Humphrey, the most influential member of the cabinet. Whitney's wife was the first wife of Jimmy Roosevelt, eldest son of the late President. As Betsey Cushing, she is one of the three daughters of the late Harvey Cushing, renowned Boston brain surgeon.

Choral Service of Eucharist Set at St. Paul's

There will be a choral celebration of the Eucharist at 11 a.m. at St. Paul's in the Desert Episcopal Church tomorrow, the third Sunday in Lent. The anthem "How Beautiful Upon the Mountains," by F. F. Harker, will be sung by the choir, Mrs. Alex Hammond singing the soprano solo sections.

Holy Communion will also be celebrated at 8 a.m., and the Family Service and Church school will begin at 9:15 a.m. Evening Prayer will be read in the Church at 7 p.m. by the Young People's Fellowship.

Plans have been announced at St. Paul's for the celebration of a midnight service on Easter Eve. The celebration of the Eucharist, as a watch service will follow the pattern of the candlelight service at Christmas time, as has been the tradition of St. Paul's in years past.

The service will begin at 11:30 p.m. Easter Eve, the consecration thereby taking place after midnight. Services on Easter Day will be at the usual hours of 8 a.m. and 11 a.m. All three services will be Holy Communion.

'Man' is Sunday Sermon Lesson

The account of a mother's faith and steadfast reliance on the man of God, as Elisha was called, to raise her son from death is told in the Lesson Sermon on "Man" in all Christian Science Churches on Sunday.

When her son became ill and died this great woman, the Shunammite, held so steadfastly to her faith in God, that when Elisha's servant asked her, "Is it well with thee? Is it well with thy husband? Is it well with the child?" She answered, "It is well." (II Kings 4:26). Elisha, perceiving her need and her great faith, came and prayed to God and restored her son.

Mary Baker Eddy asks in "Science and Health with Key to Scriptures" "Does God send sickness, giving the mother her child for the brief space of a few years and then taking it away by death? Is God creating anew what He has already created? The Scriptures are definite on this point, declaring that His work was finished, nothing is new to God, and that it was good" (p. 206).

The Golden Text from Daniel (10:19) counsels, "O man greatly beloved, fear not, peace be unto thee, be strong, yea, be strong."

Michigan state parks were attended by 15,232,985 persons in 1954.

Holy Communion to be Celebrated at Our Savior's

Our Savior's Lutheran Church will celebrate Holy Communion in its 10:30 service on Sunday morning, the first Sunday of the month. A Confessional Service is held at 10 a.m. to aid the communicants to prepare themselves for receiving the Lord's Supper and all who wish to partake of the Lord's Supper are requested to attend.

The topic for Sunday's sermon is: "The Kingdom of God Has Already Come." It is based on the regularly appointed Gospel for the third Sunday in Lent.

The Lutheran Women's Missionary League met Tuesday evening to discuss various projects. The ladies made plans for an Easter egg hunt for the Sunday School children. Another project to be undertaken is the placing of Christian literature in various public places. The ladies also plan to serve refreshments at the showing of the movie, "Miracle of Love," on Easter Sunday evening.

"He bare the Sin of Many" is the theme for Lenten Services on Wednesday evening. In place of the regular sermon, Pastor Hass will show slides depicting the foreign mission work conducted by the Lutheran Church, Missouri Synod. There will be pictures of the mission work in the Philippines, New Guinea, Japan, Formosa, Hong Kong, India, Africa, South America and Europe.

Full Schedule of Activities at Community

At the Cathedral City Community Church tomorrow the pastor, Rev. Dr. Graham Hunter, will lead the worship at 11 a.m. Miss Mary Hoover is in charge of the choir. The young people's society meets at 6, adjourning to the home of Mr. and Mrs. Jack Chubb for a light supper. The congregation meets for a "Sing" on Sunday evening at 7:30.

On Tuesday, Mr. and Mrs. Everett Sween of Sacramento are to show their pictures of Hawaii after a potluck supper. The supper is at 6:30 and Mrs. Warner Moon is in charge of the coffee. Friends are asked to bring food and table service.

On Sunday, March 11, the church takes part in paying for transportation for food to be taken from the tremendous stores which the United States government has gathered. For each dollar given for transportation, the government releases about \$20 worth of food to be sent to places of great need overseas, including both Arab and Israeli Palestine. The shipments are being handled for the churches by the inter-denominational Church World Service.

The Church is also sending garments to a settlement in El Monte, and overseas through the American Friends Service Committee.

CONFIDENT LIVING

By Norman Vincent Peale

How To Practice Confident Living

One of the greatest of all human stories is how people with courage and positive thinking overcome the hazards of life.

You have probably never heard of a young man named Ike Skelton. But his story thrilled me, as it has so many down in Missouri, where he is admired and loved.

Not too many years ago, Ike Skelton was a happy-go-lucky, normal, healthy youngster in his freshman year at Wentworth Military Academy. Then, suddenly, he was stricken with infantile paralysis.

The disease left his arms powerless to do anything but dangle helplessly by his sides. His legs were all right—and he could function other ways, except that he couldn't move his arms.

Yet this boy came back to school from his illness with one burning ambition—he wanted to make the track team. He went out for track, and the coach told him, kindly, "Why, son, you can't run without your arms; you need them as much as your legs in running."

Nevertheless, Ike Skelton kept at it. He trotted around the track all season, but he didn't make the team. The next year the story was the same. And, in his fourth year, although he kept trying, he couldn't make the grade competitively.

Finally, the last big track meet of his school career came, the meet with Kemper Academy, Wentworth's arch rival, and the boy was there, ready to run. He begged the coach to give him a chance and the coach broke down and did, "Go out there and run," he said, "but promise me you won't be disappointed." Then the coach fastened his arms to his sides so they wouldn't get in his way and started him in the grilling two-mile race.

The crowd spotted this strange runner and had eyes for no one but Ike Skelton. They watched him eagerly, and when the race was over, they surged down from the stands and lifted him enthusiastically upon their shoulders. There wasn't a dry eye in the crowd.

Had he won the race? Oh, no—he came in last. But he came in, and that's what's important about his story. He didn't win that race, but he is winning the more important race of life through his demonstration of an undefeatable spirit.

He went from Wentworth to the University of Missouri, where he stood at the top of his class and was elected to Phi Beta Kappa. Sent to the University of Edinburgh in Scotland as an exchange student, he became one of the most popular men there.

Now he's back home, making a brilliant record in Missouri University Law School. He's making progress physically too, able now to move one arm slightly from the elbow. He wrote me a very legible letter.

What has Ike Skelton got that enables him to overcome his terrible difficulties and live so confidently and successfully? The great psychiatrist, Karl Menninger, answers this question with his statement that men don't break down because they are defeated, but only because they think they are! Think confidently, live confidently, practice faith in God. Then to confident thinking add work and struggle. That is the formula for victorious living.

You can actually gain confidence by practicing it. The more you think and practice it, the more of it you will have. Bolster your own confidence by the use of some great affirmations, such as this one from Psalms: "Though an host should encamp against me, my heart shall not fear; though war should rise against me, in this will I be confident." You are a child of God; you have His powers in you. Believe in them, draw up on them, and live confidently.

Four Leaf Clovers Still Favorite Good Luck Pieces

By ELIZABETH TOOMEY
United Press Staff Correspondent
NEW YORK — Women change their hemlines and their taste in husbands, but when it comes to good luck charms they'll take the same old four leaf clovers grandma trusted.

Our superstitions are highly reliable, reports a young lady who specializes in designing charm bracelets. The horse may have lost out to the horseless carriage, but the horseshoe has never been threatened by the rubber tire as a good luck piece.

Our sentimental moods are something else again, Sheila Tucker added. You simply can't predict what women will pick as sentimental mementos.

Miss Tucker spends her days in a small Fifth Avenue jewelry shop which boasts the world's largest collection of charms. If the 2000 bracelet charms in the store don't fit your needs, Miss Tucker will sketch your sentimental favorite and have it made up.

Returns Home from Hospital

Mrs. Warren Thomas, who had been in the Hemet Community hospital for surgery, has returned home. She was visited by her son, Don Rogers of Los Angeles for a few days after her return. At present Mrs. George King of New York is staying at the Thomas home. Mrs. King, a nurse, and long time friend of Mrs. Thomas, was visiting with friends in Los Angeles for a few weeks and upon learning of Mrs. Thomas' illness came here to attend her. Mrs. Thomas and Mrs. King worked together as nurses in the East for years.

Dr. and Mrs. Fred Keen of Westinghouse, South Dakota are here to spend a few weeks with their daughter and son-in-law, Mr. and Mrs. Clinton C. Bauer, of 925 San Lorenzo Road.

Guests of Mr. and Mrs. Fritz Blotter of 1024 San Lucas Road, are Mrs. Blotter's parents, Mr. and Mrs. John A. Blom. The Bloms, who live in Los Angeles, arrived Friday for the weekend.

Fleischman Group Observe Their Eighth Anniversary

Celebration of the eighth birthday of the Gussie Fleischman Cultural Group will be held Tuesday in connection with the regular monthly meeting of the Palm Springs Jewish Women's Group. This will be a luncheon meeting at noon at the Jewish Community Center, 332 West Alejo Road.

The occasion of the anniversary of the founding of the Study Group is considered so important that it is observed in conjunction with the mother organization. The Annual Birthday Party is always eagerly anticipated by members and friends. Mrs. Sam Friedberg, chairman of the Gussie Fleischman Group, promises that this year's observance of the important event will be a lovely party, complete with birthday cake, candles and all the accessories.

The program of the afternoon, as planned by Mrs. Saul Ruskin, will present Wynne Hammond, famous soprano who has thrilled audiences throughout the country in "Gems of Music." She will be accompanied by Lois Lux, well-known pianist. Mrs. Hammond's extensive repertoire, beautiful

voice and outstanding talents are certain to delight her listeners, Mrs. Ruskin said.

As customary, a delicious luncheon will be served before the opening of the business session. Mrs. Al Lehrfeld and Mrs. Sol Vineberg head the capable committee preparing the repast.

Events scheduled for the remainder of the season will be disclosed by Mrs. Max Grone, president of the organization. Of utmost importance is the gigantic Auction Sale to be held April 8 in the American Legion hall under the leadership of Mrs. Zachary Pitts, ways and means chairman. The women will be asked to begin acquiring merchandise now for this major project.

All members, friends and visitors are most cordially invited to attend the meeting on March 6. Further information may be secured from Mrs. Isadore Singer, hospitality chairman (phone 7841).

Weekend guests of Mr. and Mrs. Howard Haddock are Mr. and Mrs. John Bobick of San Diego. The Haddocks are entertaining their guests by showing them the sights of the desert and catching the shows in town.

Mr. and Mrs. J. R. Steele of Virginia, Minnesota, are here for their fifth winter season. The Alex Crawfords have been entertaining the Minnesotans at the Village night spots. The two women are sisters.

Stork Shower for Mrs. Ross

Mrs. Don Ross of Outpost Estates, was honored at a pink and blue shower at the home of Mrs. Arthur Langston of 32-771 Shifting Sands, on Monday evening. Mrs. Ross was the recipient of many beautiful gifts.

The hostess, Mrs. Langston, had prepared a cake with gay original decorations that evoked exclamations from the guests as it was brought in to be served with coffee.

Guests were Mesdames Charles Hoffmeier, Bruno di Grandi, Lois Casey, Dave Elliott, Lloyd Vaughn, George Lestess and Dusty Rhodes.

Mrs. Gilbert Seiden of Columbus, Ohio, a frequent winter visitor, is here for a 10-day visit with Mr. and Mrs. Al Epstein.

The Writers Workshop to be on Scripts

A workshop on script writing will occupy members of The Writers when they meet Wednesday evening in St. Paul's parish hall. Mrs. Gizzella Sawtell, free lance television and radio script writer, formerly connected with RKO Studios, will conduct the workshop.

Born in Budapest, Hungary, the granddaughter of Geba Gardonyi, a distinguished Hungarian writer, Mrs. Sawtell was educated at Columbia University and had bylines in New York and Chicago newspapers before going to Hollywood. She is the author of books on ballet and choreography, and wrote the scripts for about thirty motion pictures.

A Palm Springs homeowner, she will be presented by Joan Forvily, program chairman.

Mrs. Sallie Coggeshall will be in charge of the refreshment hour. The Writers welcome all writers, and persons interested in writing, to their meetings.

You can make a novel, and inexpensive lampshade in just one afternoon. All you'll need is the frame from an old shade and some yarn. Wind the yarn vertically, from top to bottom of the frame, tying at frequent intervals, until you've covered the entire frame. . . and your shade is finished.

Tired of cleaning messy soap dishes? Try this simple trick: Trim a synthetic sponge to fit the bottom of your soap dish and rest the soap on top. When the sponge needs cleaning, rinse, wring . . . and presto . . . your dish is clean, without scrubbing.

ACTRESS JACKIE JOSEPH pulls in a record catch at her local Thrifty Drug Store, indicating the success local anglers will have with fishing equipment now featured in local Thrifty Fishing Departments.

Anglers Finding Needed Supplies at Palm Springs Thrifty Drug Store

Giving a boost to the sport of fishing, local Thrifty Drug Stores this week began a two months campaign that will build up to the opening of the California fresh

water fishing season in April.

With fishing expected to be good throughout the state, local fishermen can look forward to limit catches in lakes and rivers, in addition to the year-around surf and bait boat fishing in coastal areas.

Record rainfall throughout the state has removed most streams and lakes from the "critical" water shortage list, according to Department of Fish and Game officials, and this means better fishing to the thousands of fans who are devoted to this type of fishing.

Another encouraging word for fishermen comes from local Thrifty Drug Store managers who announce that a more complete fishing department has been installed in local stores for the 1956 season to give anglers a complete choice of higher priced equipment in addition to Thrifty's budget lines.

Famous name rods, reels, lines, lures and fishing accessories are carried in the expanded Thrifty fishing department, priced at savings that allow buyers to get a more complete fishing outfit than they could ordinarily afford for the same amount of money.

As an added service to fishermen, many Thrifty Drug Stores will have fishing licenses on sale.

Chief Commends Utility Drivers

Police Chief August G. Kettmann today complimented William Nash, manager, and employees of the California Water and Telephone Company who drive company vehicles about the streets of Palm Springs.

In his letter of commendation, Kettmann said that members of his department called to his attention that the company's drivers "besides being expert are carefully observing the traffic regulations, are showing great consideration for other vehicles and are otherwise a constant and shining example for persons driving motor vehicles in this vicinity."

Subject of Dr. Irma Glen's address Sunday in the Church of Religious Science will be "What Is True Security?" Text is from Isaiah 65:24, "And it shall come to pass, that before they call, I will answer; and while they are yet speaking, I will hear."

Sunday morning services are held in the El Paseo Theater at 810 North Palm Canyon Drive and are preceded at 10:45 by organ selections by Dr. Glen.

Sunday services in the Church of Religious Science begins with the invocation "May we be so alive with the Spirit that whosoever contacts us will be strengthened. That whosoever blesses us will be blessed. That whosoever gives to us of Love, material things or service will be prospered. That whosoever calls us in the Silence will be answered, and healed."

Pictured above just prior to the luncheon are, left to right, John B. K., James Kemper, Gross, Reuben Fleet and Col. John Hudson, head of Culver Military School. Col. TODAY'S SPORT PARADE

By OSCAR FRALEY
United Press Sports Writer
Reg. U.S. Patent Office

NEW YORK (AP) — Fearless Fraley's Facts and Figures: Bill Russell of San Francisco and Si Green of Duquesne will be the one-two choices in the pro basketball draft but they pose a risky selection problem for the teams which take them.

The 6-foot, 10-inch Russell intends to play on the Olympic team, which means that the pro club which takes him must count on losing him for half a season. And Green, "only" six feet, two inches, is draft bait and may be called to service.

Madison Square Garden, which took college basketball big time, has really suffered as result of the scandals and the back to the campus movement with resultant building of huge field houses.

THE ATTENDANCE for 11 Garden double-headers this year totaled 63,913—or an average of 5810. In the old SRO days, four double headers would have surpassed this year's entire attendance.

Danny Lynch, the cherubic St. Francis basketball coach, got into quite an argument with a spectator when the team played Siena in Albany.

"He called me a fat so-and-so," Lynch reported. "I didn't mind the so-and-so part, but I work hard to take off those ounces."

Ken Norton of Manhattan says he'd like to see the Army-Navy basketball game "not because it's dirty but because in that one the boys are entirely indifferent to contact." Which is the old Army-Navy story no matter what the sport.

MIKE FLEISCHER, the Hunter College basketball coach, admits there's "nothing like a brilliantly coached game."

"In a recent game," Mike said, "one of my kids hit it on 11 out of 12 shots. So, in the first time out, I really did a smart bit of coaching. I told him: 'Keep shooting! Didda hear the one about the guy eating at the country club who complained to the waiter that there was sand in his spinach?'"

"That's outside my jurisdiction," sneered the waiter. "You'll have to complain to the greens committee."

Big Ten Wants More Tickets to Rose Bowl Game

EAST LANSING, Mich. (AP) — The Big Ten was willing today to renew its Rose Bowl contract with the Pacific Coast Conference, but only after negotiations to get a bigger supply of tickets to the post-season classic.

The conference favored a third renewal of the bowl agreement, without a limit as to time and subject to the approval of the faculties of all members, in response to the PCC invitation for an indefinite contract.

But where the Pacific Coast invitation wanted renewal on the present terms, the Big Ten had specific dissatisfaction with its allotment of 17,000 tickets and said a committee would be appointed to negotiate a large supply before accepting a new pact.

Another clause which might be negotiated will be the restrictions against competition by one team more than once in two years.

Asks Postponement

MIAMI, Fla. (AP) — Heavyweight Joe Rowan of Philadelphia asked today for a postponement of his scheduled 10-round bout with Willie Pastrano at New Orleans, March 26. Rowan said he needs more time for an eye cut, received in a recent bout with John Holman of Chicago, to heal.

21st O'Donnell Invitational March 12-18

State's Top Amateurs to Enter Event

Defending Champion
Dr. Bud Taylor To
Seek Third Win

Three events, featuring 90 golfers each, will mark the 21st annual Men's Invitational Golf Tournament at O'Donnell Golf Course starting March 12.

The main event, the championship flight, will be held March 16, 17 and 18.

Dr. Frank M. (Bud) Taylor, the defending champion and two-time winner of the event, will be among the favorites. Dr. Taylor is state amateur champion.

The first event will be Class A, 36 holes of medal play, starting March 12 and finishing either the 13th or 14th.

Then on March 15 the senior event, 18 holes of medal play, will be played in five classes according to age.

THE BIG EVENT, for which the Youth Center will sell tickets at \$1 each and receive all proceeds, will be played at 18 holes of medal play each of three days.

Dr. Taylor, who recently set a new course competition record at Thunderbird Country Club during their amateur invitational, won the event last year, and on the first year it was played, 1936.

THE POMONA DENTIST also won the O'Donnell Invitational in 1933.

His main competition will come from Harvie Ward, of San Francisco, a shooting star in amateur golf circles, and Johnny Dawson, of Thunderbird and Silverado Country Clubs, who won the O'Donnell Invitational in 1940 and in 1949.

LARRY SITTER, manager of O'Donnell, said George Howard will prepare the pairings over the weekend after he goes into a huddle with J. E. "Dad" French.

Howard is O'Donnell's professional, and French is chairman of the 22-member tournament committee.

Bruins One Game from PCC Crown

SAN FRANCISCO (AP)—The chips were down along the Pacific Coast basketball front last night—and the winnings naturally went to the teams with the "big hands."

Willie the Whale Naulls rolled up 39 points to all but clinch the Pacific Coast Conference title for UCLA; 6-foot, 8-inch Bruno Boin moved Washington into breathing distance of third place by scoring 28; and 6-foot, 10-inch Bill Russell hardly got warmed up as the University of San Francisco stretched its consecutive win streak to 49.

The major final results were: UCLA 85, California 80; Washington 105, Southern California 84; USF 68, Pepperdine 40; and Oregon 80, Washington State 63.

The UCLA victory exploded any dream California had of sneaking through to the title. It also gave the Bruins their 13th straight conference win and 14th of the season for a new UCLA record.

It was also a big night for Naulls. His 39 points was a new all-time UCLA scoring record for a conference game and he sank his first 17 attempts from the free throw line, equalling the conference mark set by Ron Bennink of Washington State. However, Naulls had 17 out of 18, while Bennink got 17 out of 20.

Another victory over Cal tonight will clinch the PCC title for the Bruins and pit them against USF in the NCAA regional playoffs at Corvallis.

USF, the top-ranked team in the country and the California Basketball Association champ, had little to lose but a chance to lengthen the longest basketball win streak in history—so the Dons played it accordingly.

They ran up a 23-0 lead in the first eight minutes of play and then coasted.

Russell played only 22 minutes and got only 10 points—far below his average. The All-American center blocked several Pepperdine shots while the Dons were building up their lead, then loafed the rest of the time.

Werner is Winner

OPPDAL, Norway (AP) — Wallace Werner, 20-year-old University of Denver student, won the downhill race of the Holmenkollen Ski Meet Friday with a time of one minute, 36.5 seconds for the 8200-foot run.

Name 169 to 82nd Derby on May 5th

Top Record For
Purses Assured
For Run Of Roses

LOUISVILLE, Ky. (AP) — A list of 169 nominations for the 82nd running of the Kentucky Derby May 5 was announced today by officials of Churchill Downs, setting up the richest renewal of America's top racing classic.

Only three times since the inaugural running in 1875 were more young horses nominated for the race every thoroughbred owner dreams of winning. The record was set in 1928 when 196 were named while the 1896 renewal drew 171 nominations and the 1898 running drew 179. Only 125 were nominated last year.

CHURCHILL DOWNS guarantees \$100,000 to the winner of the Rose run and should have little trouble meeting that obligation this year.

The winner gets \$82,500 of the \$125,000 added money; the \$16,800 amassed from the 169 nominations at \$100 each; and \$1500 additional from each starter.

A field of only eight at a time when there is no standout candidate for the first of the triple crown classics would fix the gross value at \$153,900 and a net purse of \$109,800 to the winner. This would top the records set last year when Swaps, beating Nashua and eight others, won \$108,400 from a total purse of \$152,500.

ALMOST EVERY LEADING two-year-old of 1955 was on the list with the exception of injured Prince John, the Garden State Stakes winner who is not expected to return to racing until August.

Each of the other 12 top-weighted three-year-olds on the Experimental Handicap list were among the 148 colts, 20 geldings and one filly named for the mile and one-quarter race.

The Preakness, second jewel in the golden diadem, drew 176 nominations for its May 19 running while the Belmont Stakes drew 132 for the June 16 renewal. A total of 101 thoroughbreds, including Lady Swords, the lone filly named for the Kentucky Derby, already are eligible for all three races.

C. V. Whitney's Career Boy, D&H Stable's Needles, and Mrs. Anson Bigelow's Nail, top weighted in the Experimental, head the derby nominations.

TEAM MANAGER Bob Elliot starts his second year in the pilot spot of the San Diego Padres when they open their practice arsenal at the Polo Grounds a week from Monday. Elliot, before becoming manager, belted three home-runs in a play-off game three seasons ago to win the PCL championship for the Padres. Intersquad practice will be followed by the first 13 games to be played here, San Diego against Seattle. The Junior Chamber of Commerce is handling ticket sales, and set up three advance sales points: Sportsman Center, Ramon Drug and Nelson's Oasis Men's Shop.

San Francisco. Diamonds in Final Polo Clash Sunday

The final game in the two-day polo match between the Palm Springs Red Diamonds and the San Francisco polo team will start tomorrow at 2 p.m. at the Desert Air Hotel.

The games are the first outdoor polo played in the desert area in more than 20 years. They are being played on the unused portion of the airstrip of Hank Gogerty's fly-in hotel.

The teams are made up of the Red Diamonds, who last weekend won the 1956 Pacific Coast 10-goal arena championship, and Ted Pierce; the San Francisco regulars, Willie Tevis, Bill Mayberry and Tod Helzer, added Bill Moore to complete their four some.

The champions are Allan Scherer, Bill Schultze, and Larry Funkhouser.

Arrangements were made by Pierce, Gogerty, and Lisle Nixon.

Swaps Assigned Record Weight

ARCADIA (AP)—Swaps today was flattered by Santa Anita's racing secretary, Frank Jimmy Kilroe, by having been assigned one of the highest imposts in the track's history—132 pounds.

The weight assignment was for next Wednesday's mile and a sixteenth \$25,000 Santa Barbara Handicap. The 1955 Kentucky Derby winner had never carried that much weight. His owner, Rex C. Ellsworth, went into deep study to decide if he will run the horse with that assignment.

Kilroe assigned Bobby Brocato, winner of last week's \$100,000 Santa Anita Handicap, 126 pounds, eight more than he carried in the handicap. Mister Gus, winner of the San Antonio Handicap, was assigned 122 pounds.

Swaps had been assigned 129 pounds for the Santa Anita Handicap which he skipped because of an off track and the fact he was behind in his training.

Only Discovery, Seabiscuit and Citation—all immortals of racing—have been assigned 132 pounds at Santa Anita, and none won with that impost.

Racing Luck Big Factor in 'Anita Derby

18 Colts To Try
For Rochester Race
Of Current Meet

ARCADIA, Calif. (AP) — Racing luck loomed as a big factor today in the \$158,700 Santa Anita Derby as 18 colts prepared to parade to the post in the richest race of the meeting.

The dozen and a half colts were the most to be entered in the Santa Anita classic for sophomores since 1937 when 21 started and the purse was the richest in history for the race.

But racing men attributed the size of the field in part to the fact that no standout colt has emerged either here or in the nation during the Winter season as the big derby contender.

The race lacked a Swaps, Determine or Hill Gail-three of the previous four winners who went on to take the Kentucky Derby and thus heighten the prestige of Santa Anita's race as a builder of champions.

Rex C. Ellsworth's Terrang, co-

Bayer Favored

BATON ROUGE, La. (AP) — George "Belting" Bayer, Cincinnati pro tied with Jimmy Demaret at 137s for the lead in the \$12,500 Baton Rouge Open Golf Tournament, was tabbed the favorite today to head a top field of golfers into the third day of play on the rain-drenched, winding course.

County Game Commission Request Filed

By THELMA GOODSPEEDS
PALM TO PINES — Dr. J. M. Kollisch personally delivered to the county this week in behalf of the Pines to Palms Chamber of Commerce a recommendation that the Riverside County Fish and Game Commission be reorganized and a thorough re-examination be given of the whole wildlife situation and policy of Riverside County.

The only action taken by the board was to file the letter in its budget file for consideration next June of a recommendation by the chamber that a request by the commission for a budget appropriation of \$1500 to the Coachella Valley Game Propagation Club be denied.

Dr. Kollisch said the appropriation will be used to feed pheasant chicks which will be kept in pens all their life until liberated, tame, some 12 to 24 hours before a so-called hunt, to be slaughtered by the members of the "game propagation" club.

Many of the "hunters" are from

BRUCE THOMAS, noted foreign correspondent who recently became a resident of Palm Springs, will be the featured speaker at the Cathedral City Rotary Club meeting Monday noon at Wonder Palm Hotel.

Los Angeles and seem to think they are in the wilds, the chamber of commerce said, going onto private property where the tame pheasant have unhappily wandered and shooting in a manner hazardous to residents of the area.

"We believe this county money should be spent for a permanent improvement of the natural habitat of our native wildlife, such as for water developments in the desert, in the mountains, and particularly in the famous refuge of the Desert Bighorn Sheep near Indio," declared Dr. Kollisch.

"However, the county game commission tries to give handouts to people who can well afford to pay for their own amusements."

SAM SEZ:

A MILLIONAIRE living up in the nearby Palm Springs Heights area (don't ask his name) chided his teenage grandson the other day about his idleness. "Percy, why don't you get a job and do something? When I was your age I worked in a grocery store for \$3 a week. In 5 years I owned the store!" "Well, Gramps," said Percy, "you can't do that these days they have cash registers now." Talking about steals — how about the following:

- 1.—\$8500, 2 bedroom stucco, furnished, 3 years old, quiet street, walking distance to shopping, \$1500 down, balance like rent.
- 2.—10 lovely flat acres, public utilities, 2 paved streets, \$25,000, terms. Room for Putt Course of Putt and Scratch Golf Course across the street — on flat Indian land which can be leased, 6 minutes from Palm Springs — near resort developments. Or sell 5 acres for \$15,000. Don't sleep on this steal — this price gives you an acre as cheap as nearby lots are selling.
- 4.—320 acres in area being bought up by leading Realtors. \$300 per acre now, will soon be \$1000 per acre. Will sell all or part — worth investigating!
- 5.—20 acres dates, grapefruit, tangolas, zapote, limes, lemons, tangerines; with large home, pool and packing sheds; near famous hotel. \$40,000. Think of it—Only \$2000 per acre and on 2 paved roads!
- 6.—40 acres on Washington Blvd., \$640 per acre.
- 7.—10 acre trailer park site. \$15,000 terms. On Del Sol Road, near golf courses.
- 8.—20 acres rich soil, under canal water. \$11,000. Near famous developments.

Poll Shows Write-In Could Displace Nixon on Ticket

CONCORD, N.H. (AP)—The possibility of a spontaneous write-in contest for Republican vice president in the nation's first presidential primary developed today.

Lack of firm support for Vice President Richard M. Nixon was shown in a United Press spot check of some of the 26 pro-Eisenhower candidates for delegate to the national convention in New Hampshire's March 13 primary.

President Eisenhower has the field all to himself in the so-called popularity contest for president—but no candidates are entered in the adjacent column on the Republican ballot—the race for vice president.

Some of the prospective pro-Eisenhower delegates indicated choices such as Nixon, Gov. Christian A. Herter of Massachusetts and Sens. William F. Knowland (R-Calif.) and Styles Bridges (R-NH).

Most of the delegates polled indicated they would go along with the President's choice, whoever it might be. But the delegates were asked: "If the President leaves the free choice of the vice president to the convention, whom would you support?"

There were no unqualified answers, but Nixon appeared to be

a strong candidate only if recommended by the president.

George Gilman of Farmington, former aide to Bridges, was the only one who said that he would "support Nixon at the present time."

Science Curbs Inquiry Planned

WASHINGTON (AP)—House investigators said today they will hear complaints next week from scientists who say the government is imposing unnecessary secrecy on scientific information.

Some of the nation's leading scientists have accepted invitations to discuss the availability of information on research, technological "know-how" and atomic energy.

Fruit Reported Stolen

Harry L. Charnas, of 475 The Palms, reported yesterday that two boxes of fruit were taken from his yard while he was in town for 45 minutes about noontime yesterday.

State GOP Backs Ike But Wavers on Nixon Okay

SAN FRANCISCO (AP)—The California Republican Assembly presented a united front for President Eisenhower today but a possible dispute loomed over a resolution endorsing Vice President Richard M. Nixon for reelection.

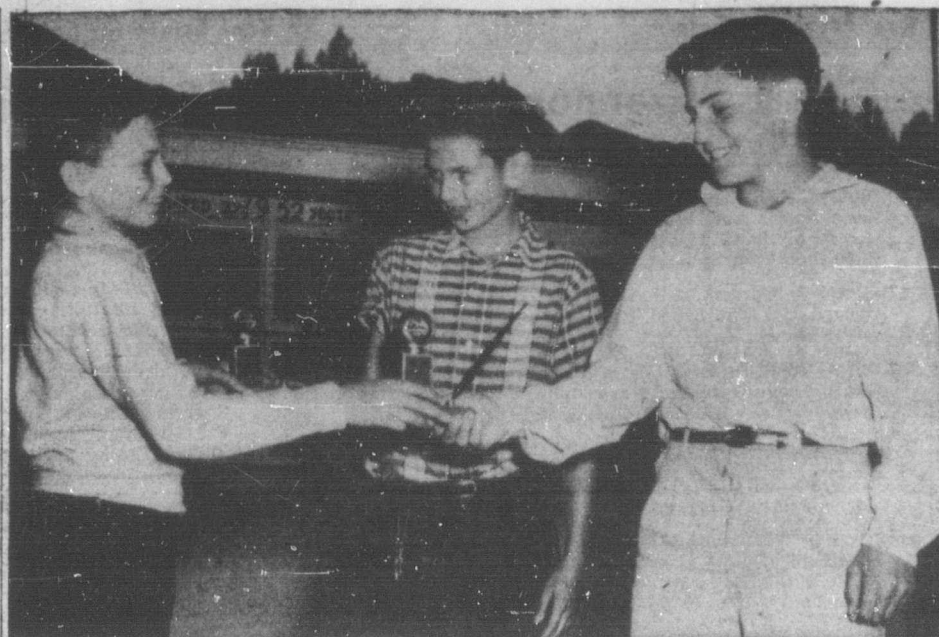

More than 400 delegates to the 23rd annual convention of the CRA heard nothing but praise and endorsement for Mr. Eisenhower's bid for a second term. But behind the scenes there was some pushing and tugging over the question of backing Nixon as Ike's running mate.

THE FIRST TEST on Nixon may come late today when the candidates and fact-finding committee is scheduled to meet.

A pro-Nixon resolution was ready for submission to the committee. If the resolution is offered, approved by that committee and gets to the floor at Sunday's session, some delegates promised to take it on.

However, the CRA a year ago in Pasadena emphatically endorsed a resolution urging Mr. Eisenhower to run for reelection and pledging its support to "our great California vice president, Richard M. Nixon."

SOME OF THE leaders of the CRA, an unofficial, volunteer GOP organization, said Nixon should and must come out of the convention with a strong endorsement.

Duncan won third, and fourth place went to Don Ureta, not pictured. More than 50 boys participated in the contest. (Desert Sun photo)

5 on Lost Raft Picked Up After 2000-Mile Drift

LIMA, Peru (AP)—Radio reports reaching Lima today said five raft sailors who came to grief on the "Kon-Tiki" route to the south seas have been picked up by an American fishing boat some 2,000 miles north-west of their starting point in central Peru.

The voyagers, four men and a woman of various European and Latin American nationalities, spent Friday night aboard the rescue Trawler Rehoboth. They will decide today whether to continue their journey.

Amateur radio operators in the U.S. and half a dozen Latin American countries, who had been anxiously following the progress of the search for the log raft Cantuta, heaved a collective sigh of relief when it was located.

After a three-day search, the Rehoboth sighted the raft at 5:10 north latitude, 105.43 west longitude.

New Widower Makes His Own Death Easy as Possible on the Undertaker

PASADENA, Calif. (AP)—William H. Rost, 79, did not want to cause trouble for anyone.

Since the death of his wife about two months ago, he had become a frequent visitor to the Lyes and Warren Mortuary which handled her funeral arrangements. This week Rost completed arrangements with Franklin Lyes of the mortuary for his own funeral rites.

Rost drove his car into a driveway next to the mortuary last night. In the car's back seat was a suitcase containing a suit of "burying" clothes. Sticking out of the suitcase was a note addressed to Lyes. It read:

"Here is what's left. It's up to you now. I'm trying to make it just as easy as possible for everyone. Consequently I'm making a personal delivery to you... goodbye. Good luck."

Rost then placed a .32 pistol against his head and shot himself to death. Mortuary attendants heard the shot, walked out onto the driveway and found Rost.

A postscript on his suicide note took care of the final detail in his death arrangements: "Will you see that the gun in

Lucy Case Brings \$4,000,000 Suits

BIRMINGHAM, Ala. (AP)—Damage suits totaling four million dollars against Autherine Lucy, four other Negroes and the NAACP set the stage today for new legal wrangling over the Negro coed's attempts to return to the University of Alabama.

The four suits, filed in Superior Court in Birmingham Friday, accused the defendants of trying to stir up "litigation and strife" for "purposes of advancing their financial gain."

They charged Miss Lucy had no "real desire" to go to the university and was being paid \$300 a month by the National Association for the Advancement of Colored People.

Check Forger Severs Finger to Sway Judge

SAN JOSE, Calif. (AP)—Superior Judge William J. James tried to make up his mind today what to do about a 31-year-old confessed forger and father of seven children who chopped off his check-writing finger with a butcher knife to convince the judge he would go straight.

The repentant criminal, Hullen Howard Watkins, a self-employed painter and part-time appliance salesman, previously admitted that he wrote \$1600 worth of bad checks to support his family.

Watkins was scheduled to appear for probation report and sentencing Friday—but he was unable to appear. Thursday he went into the Santa Clara County Jail and slashed off his right index finger with a heavy knife.

He did so after writing a letter to Judge James stating, "I realize you can't take the word of a thief, so the finger I used to write the checks with I'm going to cut off."

Rains and Gales Whip Northwest Coastal Areas

By UNITED PRESS

Drenching rains whipped by gale winds that rose to 75 miles per hour lashed Washington and Oregon state coastal areas Friday night and early today and inland death-dealing snowslides and floods threatened.

The rain tapered off inland from the northwest Pacific Coast. But warmer temperatures in east Washington created the danger of floods and snow slides because of a record snow pack in the mountains.

Rescue crews still tried to clear debris near Wallace, Idaho, where a 10-year-old boy died in a snow-slide Friday.

Families near the slide area evacuated their homes as a "precautionary measure" in the face of climbing temperatures and the possibility of more rain that could send the snow pack roaring down canyon sides.

Seattle, Wash., recorded winds of 75 miles per hour that downed trees and broke utility poles. Communications and electric power were disrupted, but no serious damage to property was reported.

Rain also fell in the deep South. Clouds blanketed the area from Louisiana to Alabama with rain falling in isolated areas.

Light showers also were reported in a band from southern Iowa across central Illinois and Indiana.

Light rain and snow fell in the New England states.

Americans eat nearly twice as much ice cream as they did 35 years ago.
